Showing the power of the Holy Spirit working through the printed page

CANADA

Please be encouraged to continue the anointed publication of Herald of His Coming. I am blessed with every issue as are the dear ones I share it with. Quite often we use it for our weekly Bible study and prayer in our homes. Just yesterday we shared "The Chief End Of Prayer" by Andrew Murray from the September issue. Thank you so much for the commitment to Jesus Christ and the mission to share the Gospel.

Another writes: God bless Herald of His Coming for its labor of love in His vineyard and harvest fields for His glory, for the building up of His kingdom and for the encouragement of believers!

SINGAPORE

Thank you for sending me Herald of His Coming regularly. It has been spiritually beneficial. May the Lord bless the ministry.

KENYA

I take this opportunity to give glory to the Lord and our Savior for Herald of His Coming. I have relocated from my former station. I must confess for having missed a lot from the Herald [since I have moved] which had been a great challenge to my personal life – talk of prayers, revivals and news of other nations. I have lost touch. I want to keep moving in prayer and the Word.

I am now pastoring a village church in a remote center. Though it is a small congregation, we are seeing God moving us forward, building us and strengthening us each day. Many preachers target big cities for the big crowds, fame and prestige and leave the countryside neglected. So we have decided to help poor peasant farmers to know the Master, for God cares for them. Please include me back on the mailing list at my new address. Herald of His Coming will be a great encouragement to me and of help to us in this part of the country.

ZIMBABWE

I have received Herald of His Coming for many years and it has always been a blessing to me and my family. I have found joy in sharing these amazing and anointed papers with others, and oh what an impact it has had on our people here. This past week I took many copies to some remote rural areas where the Gospel has not reached people and the Herald was a great tool as we evangelized the area. Please keep on sending this paper as it is doing more than you can imagine. And **please keep praying** for our people here and our efforts to win many for Christ. Nothing but Jesus Christ alone can save people from eternal doom.

you all.

GREECE

Thank you so much for sending me Herald of His Coming faithfully all these years. I get so excited when I read all the messages and know I have brothers and sisters all over the world who experience the same blessing. We have a glorious future ahead, but there is a lot of work to be done before the Lord comes back. I am eighty years old and my eyesight is not so good so it is difficult for me to read. I give the Herald to a faithful sister in the church and she passes it on to other brethren.

UGANDA

MALAWI

I am so thankful for Herald of His Coming. I moved from the city to a village where I am now working. I have longed for something that could keep me moving, alive and challenged in the Lord since I no longer have access to Christian gatherings and audios. The Herald publication has filled that gap and I am so thankful.

I truly have appreciated and benefited from the anointed articles in Herald of His Coming. The revival messages and those on prayer have helped me to pray more fervently, with a burdened heart, not just lip praying. I have passed some articles on to others hoping it would stir their hearts.
